

### High-frequency transformer EPC30 Series

#### Parameters/Dimensions:

EPC30 Type 1

- Information:  
Shape:EPC30  
1 Power:70W  
2 Mounting Orientation: Vertical  
3 Size: 39 (W) \* 39 (L) \* 15.5(H)  
4 Effective Ae (mm<sup>2</sup>): 61.0

#### Note:

Bobbin type listed in the traditional style, transformer design parameters to customer needs or to inject prevail.

#### EPC series high-frequency transformer features:

Has a low thermal resistance, low attenuation, high power, wide frequency range, light weight, reasonable structure, easy surface mount, good shielding effect, etc., but somewhat less heat dissipation.

#### Uses:

Widely used in small and large power and shielding and electromagnetic compatibility requirements of transformers, such as precision instruments, PABX power modules, navigation equipment.
